

Engage and Pay Global Contractors Confidently and Compliantly

with PrismHR Global

Simplify Global Contractor Engagement

PrismHR Global Contractor Solutions gives service providers the flexibility to support clients hiring contractors around the world. Whether clients manage their own contractor relationships or need additional compliance protection through Contractor of Record services, PrismHR Global provides a scalable solution that simplifies onboarding, payments and global compliance.

CONTRACTOR MANAGEMENT

For clients managing their own independent contractors

Ideal for organizations that want to maintain direct contractor relationships while simplifying global administration.

Onboard international contractors with streamlined workflows

Pay contractors in local currencies

Support W-8, W-9 and 1099 documentation and reporting

Simplify contractor payments and ongoing administration

CONTRACTOR OF RECORD (COR)

For clients needing additional compliance protection

Ideal for organizations expanding internationally or operating in countries with increased contractor compliance requirements.

PrismHR Global serves as the Contractor of Record

Manage contractor agreements and compliant payments

Reduce worker misclassification risk

Help clients navigate country-specific contractor regulations

Global contractor engagement creates opportunities for clients to access talent worldwide, but it also introduces complex tax, payment and compliance requirements. PrismHR Global helps service providers deliver compliant contractor solutions while reducing administrative complexity and expanding the value they provide to clients.

Help your clients hire smarter, pay faster and stay compliant with PrismHR Global Contractor Solutions.
